Assessment of Exemplar

Compare the exemplar to your completed activity. Review your work using each of the criteria in the exemplar. What did you do well? Where can you improve? Use your answers to these questions to guide you as you continue to progress through the course.

Note: *The exemplar represents one of many possible ways to complete the activity. Yours will likely differ in certain ways. What's important is that your incident handler's journal contains journal entries that record the information of activities that you completed and other thoughts and reflections about the course.*

The exemplar records details and information from the course activities and includes the following:

- A total of 4 completed journal entries, with the **Date**, **Entry**, and **Description** section filled in
- 2 journal entries include a description of the incident investigation in the **The 5 W's** section
- 2 journal entries describe the purpose of a cybersecurity tool in the **Tool(s) used** section, such as Wireshark, tcpdump, or VirusTotal, and how they were used
- The reflection entry answers the reflection questions in the **Reflections/Notes** section
