1. Have you finished all 8 courses in the Google Cybersecurity Certificate?   1 point

Congratulations! As a Google Cybersecurity Certificate graduate, you've unlocked exclusive job search resources. Sign up for these free resources, courtesy of Google.
Note: To access the free resources below, you must use the same email address that you use to log into Coursera. If you have not yet completed all eight courses in the Google Cybersecurity Certificate, you will not be able to access these resources.

☐ Complete the Google Cybersecurity Certificate (Done!)

☐ Claim your Google Cybersecurity Certificate badge

When you complete the Google Cybersecurity Certificate, you will receive an email from Credly (admin@credly.com) with instructions about claiming your badge and setting up your account. Please allow at least one week from your date of completion for the system to update. Remember to check your spam folder.
Claim your badge on Credly's Acclaim platform using the email address linked to your Coursera account. You'll need to opt in to share your information and receive your badge. Then, add the badge to your LinkedIn® profile to stand out to employers. Follow the steps in this Credly article about how to share your badge⤤ or Credly's video tutorial⤤.

☐ Take the CompTIA Security+ exam

The Google Cybersecurity Certificate helps prepare you for the CompTIA Security+ exam⤤, the industry-leading certification for cybersecurity roles. You'll earn a dual credential when you complete both, which can be shared with potential employers.
As a Google Cybersecurity Certificate graduate, you have unlocked a 30% discount for the CompTIA Security+ exam⤤ and additional practice materials⤤. Go to the CompTIA Store⤤ and enter the discount code "GoogleSecurity2023" to buy a voucher so you can take your exam (a $117 value).

☐ U.S. graduates: Join CareerCircle⤤ for free career support

Google is giving certificate graduates, like you, free access to career support from CareerCircle, including a resume builder and interview preparation resources to help you land your next job. Plus, you'll get access to free one-on-one career coaching and thousands of job postings from top employers. You must be eligible to work in the U.S. to unlock this resource.

☐ Practice interviewing with Interview Warmup⤤

Improve your interview technique with Interview Warmup, a tool built by Google with certificate graduates in mind. Access cybersecurity-specific practice questions, transcripts of your responses, and automatic insights that help you grow your skills and confidence.

☐ Sign up for Big Interview⤤ Get practice with mock interviews, job search tips, and customizable resume templates with Big Interview, available free for one year to Google Career Certificate graduates.
